**Name:**

You will note that your scores have been colour coded.

In the first instance, we suggest that you focus on those questions where you gained "some" marks. After this, focus on the questions where you have no knowledge i.e. the red questions.

If you opted to include "all" questions, you'll also find additional practice questions for topics that you got correct ... these are colour coded in green.

**Answer ALL questions...**

**Write your answers in the spaces provided.**

**You must write down all the stages in your working.**
